SECTION H – TERMINATION

1. **Termination.** This Agreement may be terminated as set forth below. In the event of termination, you will pay us for all undisputed fees and expenses related to the software, products, and/or services you have received, or we have incurred or delivered, prior to the effective date of termination. Disputed fees and expenses in all terminations other than your termination for cause must have been submitted as invoice disputes in accordance with Section G(2).
 - 1.1 **For Cause.** If you believe we have materially breached this Agreement, you will invoke the Dispute Resolution clause set forth in Section J(3). You may terminate this Agreement for cause in the event we do not cure, or create a mutually agreeable action plan to address, a material breach of this Agreement within the thirty (30) day window set forth in Section J(3).
 - 1.2 **Force Majeure.** Either party has the right to terminate this Agreement if a Force Majeure event suspends performance of this Agreement for a period of forty-five (45) days or more.
 - 1.3 **Lack of Appropriations.** If you should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the software or services set forth in this Agreement, you may unilaterally terminate this Agreement upon thirty (30) days written notice to us. You will not be entitled to a refund or offset of previously paid license and other fees. You agree not to use termination for lack of appropriations as a substitute for termination for convenience.

SECTION I – INDEMNIFICATION, LIMITATION OF LIABILITY AND INSURANCE

1. **Intellectual Property Infringement Indemnification.**
 - 1.1 We will defend you against any third party claim(s) that the Tyler Software or Documentation infringes that third party's patent, copyright, or trademark, or misappropriates its trade secrets, and will pay the amount of any resulting adverse final judgment (or settlement to which we consent). You must notify us promptly in writing of the claim and give us sole control over its defense or settlement. You agree to provide us with reasonable assistance, cooperation, and information in defending the claim at our expense.
 - 1.2 Our obligations under this Section I(1) will not apply to the extent the claim or adverse final judgment is based on your: (a) use of a previous version of the Tyler Software and the claim would have been avoided had you installed and used the current version of the Tyler Software, and we provided notice of that requirement to you; (b) combining the Tyler Software with any product or device not provided, contemplated, or approved by us; (c) altering or modifying the Tyler Software, including any modification by third parties at your direction or otherwise permitted by you; (d) use of the Tyler Software in contradiction of this Agreement, including with non-licensed third parties; or (e) willful infringement, including use of the Tyler Software after we notify you to discontinue use due to such a claim.
 - 1.3 If we receive information concerning an infringement or misappropriation claim related to the

Tyler Software, we may, at our expense and without obligation to do so, either: (a) procure for you the right to continue its use; (b) modify it to make it non-infringing; or (c) replace it with a functional equivalent, in which case you will stop running the allegedly infringing Tyler Software immediately. Alternatively, we may decide to litigate the claim to judgment, in which case you may continue to use the Tyler Software consistent with the terms of this Agreement.

1.4 If an infringement or misappropriation claim is fully litigated and your use of the Tyler Software is enjoined by a court of competent jurisdiction, in addition to paying any adverse final judgment (or settlement to which we consent), we will, at our option, either: (a) procure the right to continue its use; (b) modify it to make it non-infringing; (c) replace it with a functional equivalent; or (d) terminate your license and refund the license fees paid for the infringing Tyler Software, as depreciated on a straight-line basis measured over seven (7) years from the Effective Date. We will pursue those options in the order listed herein. This section provides your exclusive remedy for third party copyright, patent, or trademark infringement and trade secret misappropriation claims.

2. General Indemnification.

2.1 We will indemnify and hold harmless you and your agents, officials, and employees from and against any and all third-party claims, losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees and costs) for (a) personal injury or property damage to the extent caused by our negligence or willful misconduct; or (b) our violation of a law applicable to our performance under this Agreement. You must notify us promptly in writing of the claim and give us sole control over its defense or settlement. You agree to provide us with reasonable assistance, cooperation, and information in defending the claim at our expense.

2.2 To the extent permitted by applicable law, you will indemnify and hold harmless us and our agents, officials, and employees from and against any and all third-party claims, losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees and costs) for personal injury or property damage to the extent caused by your negligence or willful misconduct; or (b) your violation of a law applicable to your performance under this Agreement. We will notify you promptly in writing of the claim and will give you sole control over its defense or settlement. We agree to provide you with reasonable assistance, cooperation, and information in defending the claim at your expense.

3. **DISCLAIMER. EXCEPT FOR THE EXPRESS WARRANTIES PROVIDED IN THIS AGREEMENT AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WE HEREBY DISCLAIM ALL OTHER WARRANTIES AND CONDITIONS, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES, DUTIES, OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CLIENT UNDERSTANDS AND AGREES THAT TYLER DISCLAIMS ANY LIABILITY FOR ERRORS THAT RELATE TO USER ERROR.**

4. **LIMITATION OF LIABILITY. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, OUR LIABILITY FOR DAMAGES ARISING OUT OF THIS AGREEMENT, WHETHER BASED ON A THEORY OF CONTRACT OR TORT, INCLUDING NEGLIGENCE AND STRICT LIABILITY, SHALL BE LIMITED TO YOUR ACTUAL DIRECT DAMAGES, NOT TO EXCEED (A) PRIOR TO FORMAL TRANSITION TO MAINTENANCE AND SUPPORT, THE TOTAL ONE-TIME FEES SET FORTH IN THE INVESTMENT SUMMARY; OR (B) AFTER FORMAL TRANSITION TO MAINTENANCE AND SUPPORT, THE THEN-**

CURRENT ANNUAL MAINTENANCE AND SUPPORT FEE. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE PRICES SET FORTH IN THIS AGREEMENT ARE SET IN RELIANCE UPON THIS LIMITATION OF LIABILITY AND TO THE MAXIMUM EXTENT ALLOWED UNDER APPLICABLE LAW, THE EXCLUSION OF CERTAIN DAMAGES, AND EACH SHALL APPLY REGARDLESS OF THE FAILURE OF AN ESSENTIAL PURPOSE OF ANY REMEDY. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO CLAIMS THAT ARE SUBJECT TO SECTIONS I(1) AND I(2).

5. **EXCLUSION OF CERTAIN DAMAGES.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL WE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
6. **Insurance.** During the course of performing services under this Agreement, we agree to maintain the following levels of insurance: (a) Commercial General Liability of at least \$1,000,000; (b) Automobile Liability of at least \$1,000,000; (c) Professional Liability of at least \$1,000,000; (d) Workers Compensation complying with applicable statutory requirements; and (e) Excess/Umbrella Liability of at least \$5,000,000. We will add you as an additional insured to our Commercial General Liability and Automobile Liability policies, which will automatically add you as an additional insured to our Excess/Umbrella Liability policy as well. We will provide you with copies of certificates of insurance upon your written request.

SECTION J – GENERAL TERMS AND CONDITIONS

1. **Additional Products and Services.** You may purchase additional products and services at the rates set forth in the Investment Summary for twelve (12) months from the Effective Date, and thereafter at our then-current list price, by executing a mutually agreed addendum. If no rate is provided in the Investment Summary, or those twelve (12) months have expired, you may purchase additional products and services at our then-current list price, also by executing a mutually agreed addendum. The terms of this Agreement will control any such additional purchase(s), unless otherwise specifically provided in the addendum.
2. **Optional Items.** Pricing for any listed optional products and services in the Investment Summary will be valid for twelve (12) months from the Effective Date.
3. **Dispute Resolution.** You agree to provide us with written notice within thirty (30) days of becoming aware of a dispute. You agree to cooperate with us in trying to reasonably resolve all disputes, including, if requested by either party, appointing a senior representative to meet and engage in good faith negotiations with our appointed senior representative. Senior representatives will convene within thirty (30) days of the written dispute notice, unless otherwise agreed. All meetings and discussions between senior representatives will be deemed confidential settlement discussions not subject to disclosure under Federal Rule of Evidence 408 or any similar applicable state rule. If we fail to resolve the dispute, then the parties shall participate in non-binding mediation in an effort to resolve the dispute. If the dispute remains unresolved after mediation, then either of us may assert our respective rights and remedies in a court of competent jurisdiction. Nothing in this section shall prevent you or us from seeking necessary injunctive relief during the dispute resolution procedures.

4. Taxes. The fees in the Investment Summary do not include any taxes, including, without limitation, sales, use, or excise tax. If you are a tax-exempt entity, you agree to provide us with a tax-exempt certificate. Otherwise, we will pay all applicable taxes to the proper authorities and you will reimburse us for such taxes. If you have a valid direct-pay permit, you agree to provide us with a copy. For clarity, we are responsible for paying our income taxes, both federal and state, as applicable, arising from our performance of this Agreement.
5. Nondiscrimination. We will not discriminate against any person employed or applying for employment concerning the performance of our responsibilities under this Agreement. This discrimination prohibition will apply to all matters of initial employment, tenure, and terms of employment, or otherwise with respect to any matter directly or indirectly relating to employment concerning race, color, religion, national origin, age, sex, sexual orientation, ancestry, disability that is unrelated to the individual's ability to perform the duties of a particular job or position, height, weight, marital status, or political affiliation. We will post, where appropriate, all notices related to nondiscrimination as may be required by applicable law.
6. E-Verify. We have complied, and will comply, with the E-Verify procedures administered by the U.S. Citizenship and Immigration Services Verification Division for all of our employees assigned to your project.
7. Subcontractors. We will not subcontract any services under this Agreement without your prior written consent, not to be unreasonably withheld.
8. Binding Effect; No Assignment. This Agreement shall be binding on, and shall be for the benefit of, either your or our successor(s) or permitted assign(s). Neither party may assign this Agreement without the prior written consent of the other party; provided, however, your consent is not required for an assignment by us as a result of a corporate reorganization, merger, acquisition, or purchase of substantially all of our assets.
9. Force Majeure. Except for your payment obligations, neither party will be liable for delays in performing its obligations under this Agreement to the extent that the delay is caused by Force Majeure; provided, however, that within ten (10) business days of the Force Majeure event, the party whose performance is delayed provides the other party with written notice explaining the cause and extent thereof, as well as a request for a reasonable time extension equal to the estimated duration of the Force Majeure event.
10. No Intended Third Party Beneficiaries. This Agreement is entered into solely for the benefit of you and us. No third party will be deemed a beneficiary of this Agreement, and no third party will have the right to make any claim or assert any right under this Agreement. This provision does not affect the rights of third parties under any Third Party Terms.
11. Entire Agreement; Amendment. This Agreement represents the entire agreement between you and us with respect to the subject matter hereof, and supersedes any prior agreements, understandings, and representations, whether written, oral, expressed, implied, or statutory. Purchase orders submitted by you, if any, are for your internal administrative purposes only, and the terms and conditions contained in those purchase orders will have no force or effect. This Agreement may only be modified by a written amendment signed by an authorized representative of each party.

12. Severability. If any term or provision of this Agreement is held invalid or unenforceable, the remainder of this Agreement will be considered valid and enforceable to the fullest extent permitted by law.
13. No Waiver. In the event that the terms and conditions of this Agreement are not strictly enforced by either party, such non-enforcement will not act as or be deemed to act as a waiver or modification of this Agreement, nor will such non-enforcement prevent such party from enforcing each and every term of this Agreement thereafter.
14. Independent Contractor. We are an independent contractor for all purposes under this Agreement.
15. Notices. All notices or communications required or permitted as a part of this Agreement, such as notice of an alleged material breach for a termination for cause or a dispute that must be submitted to dispute resolution, must be in writing and will be deemed delivered upon the earlier of the following: (a) actual receipt by the receiving party; (b) upon receipt by sender of a certified mail, return receipt signed by an employee or agent of the receiving party; (c) upon receipt by sender of proof of email delivery; or (d) if not actually received, five (5) days after deposit with the United States Postal Service authorized mail center with proper postage (certified mail, return receipt requested) affixed and addressed to the other party at the address set forth on the signature page hereto or such other address as the party may have designated by proper notice. The consequences for the failure to receive a notice due to improper notification by the intended receiving party of a change in address will be borne by the intended receiving party.
16. Client Lists. You agree that we may identify you by name in client lists, marketing presentations, and promotional materials.
17. Confidentiality. Both parties recognize that their respective employees and agents, in the course of performance of this Agreement, may be exposed to confidential information and that disclosure of such information could violate rights to private individuals and entities, including the parties. Confidential information is nonpublic information that a reasonable person would believe to be confidential and includes, without limitation, personal identifying information (*e.g.*, social security numbers) and trade secrets, each as defined by applicable state law. Each party agrees that it will not disclose any confidential information of the other party and further agrees to take all reasonable and appropriate action to prevent such disclosure by its employees or agents. The confidentiality covenants contained herein will survive the termination or cancellation of this Agreement. This obligation of confidentiality will not apply to information that:
- (a) is in the public domain, either at the time of disclosure or afterwards, except by breach of this Agreement by a party or its employees or agents;
 - (b) a party can establish by reasonable proof was in that party's possession at the time of initial disclosure;
 - (c) a party receives from a third party who has a right to disclose it to the receiving party; or
 - (d) is the subject of a legitimate disclosure request under the open records laws or similar applicable public disclosure laws governing this Agreement; provided, however, that in the event you receive an open records or other similar applicable request, you will give us prompt notice and otherwise perform the functions required by applicable law.

18. Business License. In the event a local business license is required for us to perform services hereunder, you will promptly notify us and provide us with the necessary paperwork and/or contact information so that we may timely obtain such license.
19. Governing Law. This Agreement will be governed by and construed in accordance with the laws of your state of domicile, without regard to its rules on conflicts of law.
20. Multiple Originals and Authorized Signatures. This Agreement may be executed in multiple originals, any of which will be independently treated as an original document. Any electronic, faxed, scanned, photocopied, or similarly reproduced signature on this Agreement or any amendment hereto will be deemed an original signature and will be fully enforceable as if an original signature. Each party represents to the other that the signatory set forth below is duly authorized to bind that party to this Agreement.
21. Cooperative Procurement. To the maximum extent permitted by applicable law, we agree that this Agreement may be used as a cooperative procurement vehicle by eligible jurisdictions. We reserve the right to negotiate and customize the terms and conditions set forth herein, including but not limited to pricing, to the scope and circumstances of that cooperative procurement.
22. Socrata Solution Terms. Your use of certain Tyler solutions includes Tyler's Socrata data platform. Your rights, and the rights of any of your end users, to use Tyler's Socrata SaaS Services Terms of Services, available at <https://www.tylertech.com/terms/socrata-saas-services-terms-of-service>. **Re: Main Street and Lampkin Street Water Main and Sanitary Sewer Improvements
Professional Engineering Services**

Dear Mr. Kemp:

Kimley-Horn and Associates, Inc. ("Kimley-Horn" or "Consultant") is pleased to submit this letter proposal (the "Agreement") to **Starkville Utilities** ("Client" or "SU") for providing professional services related to water main improvements.

PROJECT UNDERSTANDING

The Client would like to upgrade water mains located along Main Street and Lampkin Street generally between and including the intersections of Douglas L. Connor Dr. and S. Montgomery Street. The existing mains are old and in need of replacement. The design intent will include replacement of the existing mains in the same location to minimize potential conflicts with other utilities and avoid potential streetscape improvements along Main Street.

The sanitary sewer will be upgraded primarily along Lampkin to provide sufficient capacity for any redevelopment needs in the project area. This may include improvements to the collector sewers along Washington St., Jackson St., and Montgomery St.

The project limits are shown in the following image.

SCOPE OF SERVICES

Kimley-Horn will provide the services specifically set forth below.

Task 1: Water System Hydraulic Model – Calibration

Kimley-Horn will review the existing water system hydraulic model and reference information provided by Starkville Utilities and will conduct a workshop to review the following:

- Model performance/calibration needs
- Review/Confirm water system physical parameters (tank and line sizes, etc.) and known points of isolation and metering
- Review/Confirm system operational parameters (tank, pump, etc. set points)

Kimley-Horn will develop a flow testing plan to gather data necessary to advance calibration of the uncalibrated areas withing the model. Flow testing will be performed on a unit rate basis per Task 4, herein below.

The flow testing data will be used by Kimley-Horn to validate operational parameters and calibrate the hydraulic model.

Task 2: Utilities Survey

Kimley-Horn will coordinate a third-party survey to provide the location of underground and overhead utilities within the project limits (shown in the *Project Understanding*) pertinent to the replacement of the waterline, as provided and located by MS 811 locate, local utility providers, past as-built plans, and/or local knowledge.

The surveyor will not dig or pothole to obtain the location of any utility. Potholing will be coordinated with Starkville Utilities, if required.

Location of existing planimetric features lying within 15 feet each side of the centerline of existing water lines as marked by the utility provider. It is assumed that the water lines will be replaced in their current horizontal positions.

Task 3: Water and Sewer Design

Kimley-Horn will provide engineering design services set forth below:

Kick-off Meeting/Field Coordination

Kimley-Horn will conduct a project kick-off meeting to review the scope of work and confirm design parameters. This will include a site meeting with the surveyor to review the field conditions, confirm project limits, and discuss specific items required by the survey.

Preliminary Analysis

Several blocks along Main Street and Lampkin Street have two (2) parallel existing water mains. Kimley-Horn will run a scenario with the hydraulic model to determine if installation of a single water main in these areas is feasible without impacting the water supply capacity and fire flow needs. The results of this analysis will be reviewed with Starkville Utilities prior to advancing the design phase.

Design Phases

Kimley-Horn will design improvements for water and sewer in three (3) phases – Schematic design, Detailed design, and Construction Documents. A design submittal will be transmitted to Starkville Utilities at the end of each design phase and following Kimley-Horn's internal quality control review. A design review meeting will be conducted with Starkville Utilities to receive and review comments prior to Kimley-Horn proceeding with the subsequent design phase.

The Schematic design review will include a review of the design survey and schematic alignment to coordinate any supplemental field investigation needed. The Construction Documents review will establish the schedule for advertisement and bidding.

Kimley-Horn will prepare a preliminary opinion of probable construction cost (OPCC) for the recommended improvements. This will be prepared for the schematic design submittal and updated for each phase of design.

Advertisement and Bidding

Once the Construction Documents have been approved by Starkville Utilities, Kimley-Horn will provide the following advertising and bidding services.

- Prepare a Notice to Bidders for publication by the Client. The Client will be responsible for publication of the notice. Kimley-Horn will be responsible for distribution of bidding documents to prospective contractors, suppliers and plan rooms.
- Coordinate a pre-bid conference to be conducted in Starkville (location TBD) to answer questions about the project.
- Provide support to Client's staff during the advertisement phase of the project, answer questions from bidders, issue interpretations of the contract documents and prepare necessary addenda for the project. Addenda will be reviewed and approved by the Client prior to issuance.
- Attend the bid opening for the project, assist in the review and tabulation of the bids received, evaluate the apparent low bidder(s) and make a recommendation regarding the possible award of the contract.

Task 4: Flow Testing – Calibration (Field)

Kimley-Horn will conduct flow tests to gather field data for calibration of the hydraulic model. Flow tests will be conducted at pre-determined locations in the water distribution system. The tests will be conducted by opening a fire hydrant and flowing the hydrant for approximately fifteen minutes. Pressure sensors installed on other fire hydrants in the vicinity of the flowing hydrant will monitor and record the residual pressure in the system.

Task 5: Hydraulic Model Training/SOPs

Kimley-Horn will coordinate a Bentley hydraulic modeling training workshop for Starkville Utilities personnel. Following the Bentley training workshop, Kimley-Horn will conduct in-person review and training session using the calibrated Starkville hydraulic model for those who participated in the Bentley workshop. Kimley-Horn will develop a standard operational protocol (SOP) for scenario development and model updates to provide trained Starkville Utilities' personnel.

Deliverables

Kimley-Horn deliver a hydraulic network model to Starkville Utilities and will coordinate hydraulic model software training for Starkville Utilities personnel.

Kimley-Horn will provide stamped construction documents of the water and sewer improvements.

Additional Services

Any services not specifically provided for in the above scope will be billed as additional services and performed at our current hourly rates or include by amendment. Additional services we can provide include, but are not limited to, the following:

- CCTV of sanitary sewers (to be coordinated with Starkville Utilities if required)
- Potholing of existing utilities
- Geotechnical subsurface evaluation
- GPR and/or supplemental survey services
- Construction observations and administration

INFORMATION PROVIDED BY THE CLIENT

Kimley-Horn shall be entitled to rely on the completeness and accuracy of all information provided by the Client or the Client's consultants or representatives. The Client shall provide all information requested by Kimley-Horn during the project, including but not limited to the following:

- GIS for water and sewer, including lines, valves, manholes, etc.
- Hydraulic model and testing information previously conducted (*already obtained*)

SCHEDULE

Upon notice to proceed, Kimley-Horn will work expeditiously to complete the tasks described herein.
