OF FEBRUARY 28, 2017**

After discussion and upon the motion of Commissioner McMillen, duly seconded by Commissioner Nettles, the motion to approve the Minutes as amended of the February 28, 2017 Historic Preservation Commission meeting received unanimous approval.

A. CONSIDERATION OF THE CA 17-02 CERTIFICATE OF APPROPRIATENESS REQUEST BY ALEXANDRA HUI FOR 111 N. NASH ST

Assistant City Planner Emily Corban introduced the case, presenting the two requests made in the application:

1. Construct an addition to their second bathroom by closing off a small porch which would square off the northeast corner of the house
2. Use the same siding and roofing materials currently on the home and re-use the original window

The applicant, Alexandra Hui, detailed her reasoning behind the requests. She explained that she would like to expand their second bathroom to square off the northeast corner of the house. This would eliminate the rear entrance and small porch and extend the roofline down, eliminating a window on the second floor. They intend to use the same siding and roofing materials existing on the house and will re-use the original bathroom window.

Dr. Fazio asked the applicant about specific materials for the siding. He offered a condition that the replacement siding be wood lap-siding and of the same width as the existing siding and that the roofing materials match what is existing.

There came for discussion the matter of the approval of the Certificate of Appropriateness Request from Ms. Alexandra Hui regarding 508 Greensboro Street. After discussion and upon the motion of Commissioner Beatty duly seconded by Commissioner Nettles, the motion to approve the Certificate of Appropriateness Request from Alexandra Hui regarding 508 Greensboro Street was unanimously approved with the following conditions:

1. That the siding be wood lap-siding of the same width as the existing siding and that the roofing materials be of the same size and color of the existing roofing materials
